PAGE 3 – NEIGHBOR IMPACT FORM

This form is required **ONLY IF** you are proposing to alter block walls, paint the house a new color, install or re-locate a shed, building, pool, or other structure, or make any other type of improvement that will be seen above the fence line or in front of the house.

The purpose of the Neighbor Impact Form is to ensure that all impacted neighbors are properly advised regarding proposed improvements. By signing the Form, the neighbor is not granting or denying the requester permission. Only the Architectural Review Committee (ARC) may approve or deny the request. In addition, if the neighbor has a comment on the proposal, they should indicate this on the comment line or contact Community Management Group to comment confidentially. If the neighbor would like to be present at the meeting of the ARC at which the application is reviewed, they should indicate so on this page and provide contact info.

FULL Description of proposed improvement:
