

ARCHITECTURAL GUIDELINES

FOR SAN GREGORIO ESTATES SOUTH COMMUNITY ASSOCIATION

Date Adopted: April 25, 2018

INTRODUCTION

The San Gregorio Estates South Community Association Board of Directors and the San Gregorio Estates South Community Association **ARCHITECTURAL REVIEW COMMITTEE** (ARC) have developed and adopted Architectural Guidelines which are enclosed along with an Architectural Application (**ARC APP**). Please make additional copies of the enclosed ARC APP for your use, or you may obtain additional ARC APPS from the Association's Management Company.

Though few of us initially like the fact that we must submit our plans to an ARC for review and approval, many homeowners discover that the ARC review process is very helpful. Through the review process homeowners may discover that a particular improvement they are proposing will interfere with or alter drainage and cause flooding or water damage to the foundation, stucco, block walls, or other property belonging to the homeowner or his neighbors. At other times homeowners are grateful that an improvement that was not properly permitted and constructed next door to them will have to be removed and redone in accordance with building codes and duly inspected by the building department, because the CC&R's do require compliance with all governing agencies regulations and codes.

The ARC's purpose is NOT to impose the personal likes and dislikes of the members of the ARC on their neighbors. **Article 4** of the CC&R's describes what the ARC does and information the ARC may require from you in order to review your request in a timely manner and be able to make an informed decision about your proposed project. Beginning construction prior to receiving written approval from the ARC, or failure to complete improvements in accordance with the approved plans and in compliance with all applicable governing agencies and building departments codes, ordinances and requirements are violations of the CC&R's. Always keep in mind that violations of the CC&R's and these Architectural Guidelines are subject to action by the Board of Directors, which may include fines, penalties, or immediate restoration of the property to its condition prior to the unapproved work being done.

Please be reminded that **work must NOT begin** on any construction, alteration, addition, grading, excavation, removal, relocation, exterior repainting, demolition, installation, modification, exterior decoration, exterior redecoration, reconstruction of an improvement, improvement, or structure (be it permanent or temporary) **UNTIL** the homeowner submits a completed ARC APP to the ARC, in care of the Management Company (**CAMCO**), along with all required information about the proposed plan(s), drawings and specifications that describe in sufficient detail what it is that you propose to do, processing fees and deposits required by the **ARC**, **AND** receives written approval of proposed plan from the ARC. (Please see Section 4.1 of the CC&R's).

GENERAL COMMENTS

A. The function of the ARC is to review each submittal for conformity to the intent and provisions of the CC&R's. The ARC has **45 days** from the date of receipt of the completed ARC Application to approve or disapprove the application. If the ARC fails to respond in writing within the **45 days** then the item is deemed dis-approved.

ARCHITECTURAL GUIDELINES***

- B. All work must be in a manner consistent with the architectural standards and color palette established by the original construction. Any work that does not comply with the architectural standards and color palette established by the original construction must be reworked to comply and all work will be done at the owner's expense. During the period of Declarant's control, the Declarant and the ARC shall determine if the work is consistent with the architectural standards and color palette, the Board shall make such determinations thereafter.
- C. The ARC's approval of proposals or plans and specifications shall not constitute a representation, warranty or guarantee, whether express or implied, that such proposals or plans and specifications comply with good engineering design or with zoning or building ordinances, or other governmental regulations or restrictions. By approving such proposals or plans and specifications, neither the ARC, the members thereof, the Association, the Board, nor Declarant, assumes any liability or responsibility therefore, or for any defect in the structure constructed from such proposals or plans or specifications. Neither the ARC, any member thereof, the Association, the Board, nor Declarant, shall be liable to any Member, Owner, occupant, or other Person or entity for any damage, loss, or prejudice suffered or claimed on account of (a) the approval or disapproval of any proposals, plans and specifications and drawings, whether or not defective, or (b) the construction or performance of any work, whether or not pursuant to the approved proposals, plans and specifications and drawings.
- D. Approval of plans is not authorization to proceed with improvements on any property other than the applicant's.
- E. **ACCESS THROUGH PRIVATE STREETS, ANY BREACH OF BLOCK WALLS, AND ACCESS OVER ANY COMMON PROPERTY NOT ONLY REQUIRES PRIOR APPROVAL OF THE ARC BUT ALSO A CASH DEPOSIT.** Access for equipment used in construction must be over or through the applicant's own private property. Building equipment and materials must be contained on the applicant's own private property. Streets may not be blocked with equipment or building material. The amount of the cash deposit will be set by the ARC Committee and must be paid prior to approval being granted and work beginning. The Cash Deposit will be determined by the type of construction that is submitted. The minimum for a cash deposit for a pool, in ground spa, and/or spool installation is **\$500.00**. The deposit is to ensure that any damage done to the common area and block walls is repaired in a timely, workmanship manner acceptable to both the Declarant and Association during Declarant's control, and to the Association thereafter, to assure that any damage done to streets, block walls or Association Common Areas and amenities is properly repaired in a timely manner.
- F. In the event construction requires use of adjoining property, the applicant must first obtain written permission from the adjoining property owners and submit that written permission with the ARC.
- G. After the ARC application is reviewed by the ARC, then **CAMCO** will send you written notification of the ARC Committee's decision. Homeowners must start work on the approved improvements within **three (3) months** and must be completed within one (1) year of ARC Approval date.

THE FOLLOWING INFORMATION IS INTENDED AS A HELPFUL GUIDE TO THE MOST COMMONLY ASKED QUESTIONS REGARDING INSTALLING SOME TYPES OF IMPROVEMENTS TO A HOME. THIS LIST IS NOT MEANT TO BE ALL INCLUSIVE. PLEASE REFER TO ARTICLE 4 OF THE CC&R'S FOR MORE DETAILED INFORMATION.

1. **AIR CONDITIONING UNITS OR EQUIPMENT: An ARC application must be submitted.** The ARC must approve exterior air conditioning equipment other than the equipment installed as a part of the original construction.

THE BOARD MAY IMPOSE FINES AND PENALTIES FOR VIOLATIONS OF THE GOVERNING DOCUMENTS, INCLUDING THESE ARC GUIDELINES.

THE ARC GUIDELINES ARE SUBJECT TO CHANGES, ADDITIONS AND/OR AMENDMENTS UPON APPROVAL OF A MAJORITY OF THE BOARD OF DIRECTORS.

AMENDMENTS TO THE ARCHITECTURAL GUIDELINES

The Architectural Guidelines may be modified from time to time pursuant to the following criteria:

1. Amendment must be approved by a majority of the Board of Directors.
2. Owners are welcome to submit their written recommendations for changes to the ARC Guidelines to the Board of Directors.
3. Upon adoption by the Board, the Board shall cause the revised ARC Guidelines to be mailed to all homeowners and the revised ARC Guidelines shall become effective **thirty (30) days** after the date they were mailed.

In the event that there is a conflict between the Architectural Guidelines and the CC&Rs, the CC&Rs shall prevail.

NONLIABILITY FOR APPROVAL OF PLANS

The ARC's approval of proposals or plans and specifications shall not constitute a representation, warranty or guarantee, whether express or implied, that such proposals or plans and specifications comply with good engineering design or with zoning or building ordinances, or other governmental regulations or restrictions. By approving such proposals or plans and specifications, neither the ARC, the members thereof, the Association, the Board, nor Declarant, assumes any liability or responsibility therefore, or for any defect in the structure constructed from such proposals or plans or specifications. Neither the ARC, any member thereof, the Association, the Board, nor Declarant, shall be liable to any Member, Owner, occupant, or other Person or entity for any damage, loss, or prejudice suffered or claimed on account of (a) the approval or disapproval of any proposals, plans and specifications and drawings, whether or not defective, or (b) the construction or performance of any work, whether or not pursuant to the approved proposals, plans and specifications and drawings.
